RESPONSE

Sir:

In response to the May 23, 2002 Office Action, please amend the above identified application as follows:

IN THE CLAIMS:

Please amend claim 38 as follows:

38. (Amended) A method for selecting a program from a broadcast television system, comprising:

a!

- generating program menu data related to programming packaging;
- providing the menu data to a terminal in the broadcast television system;
- creating a menu from the menu data, wherein the menu includes a window;
- scrolling the menu to a desired program; and
- selecting the desired program for display on a display coupled to the terminal, wherein the selected program is displayed in response to a single control function.
